NOTES:

Entry & Exit Requirements: Clients must have six months validity on their passports beyond determined length of stay. Foreigners are advised to carry copy of their passport with them at all times and to store it in a separate location from the original passport. Entry into South Africa is popular, however, be advised that passports must contain two unstamped visa pages each time entry to South Africa is sought; these pages are in addition to the endorsement/amendment pages at the back of the passport. Otherwise, the traveler, even when in possession of a valid South African visa, may be refused entry into South Africa, fined, and returned to their point of origin at the traveler's expense.

Safety & Security: US citizens are encouraged to enroll in the Smart Traveler Enrollment Program, to be able to keep you up to date with the latest safety and security announcements dispersed by the Embassy in your area. Your enrollment can also help the Department of State reach your family and friends in case of emergency.

Special Circumstances: Since 2008 Botswana experiences rolling power outages in many areas for several hours each week.

Botswana strictly enforces its laws controlling the trade in animal products. Only purchase animal trophy items from licensed vendors and keep all receipts of purchases. Trophies include A trophy is any horn, ivory, tooth, tusk, bone, claw, hoof, hide, skin, hair, feather, egg, or other durable portion of an animal, whether the item has been processed or not. Elephant hair jewelry may be removed only with the appropriate license from the Department of Wildlife and National Parks. Violators are subject to arrest and may face a penalty of up to five years imprisonment and a substantial fine.

Health: Approximately one-quarter (some statistics claim 39%) of the population of Botswana is infected with HIV; the highest in the world. Therefore, taking the necessary precautions is essential. Tuberculosis is also endemic to Botswana. Individuals who plan to reside or stay in Botswana for extended periods are advised to obtain a tuberculosis skin test (PPD test) prior to arrival and again upon departure from Botswana. Hepatitis A, C and TB occur. Hepatitis B is hyper-endemic. Malaria risk exists; the recommended treatment in risk areas is mefloquine.

Fumigation of Wood Packing Materials: As of this posting Botswana does not impose ISPM15 requirements for wood packaging material (WPM).
