## NOTES:

### Entry & Exit Requirements:

**Crime:** Criminal activity has increased since 2010. US citizens may be viewed as targets of opportunity. Police presence outside Paramaribo is minimal, and banditry and lawlessness are occasionally of concern in the cities of Albina and Moengo, and the district of Brokopondo, as well as along the East-West Highway between Paramaribo and Albina, and the Afobakka Highway in the district of Para. There have been reports of attempted and actual carjackings committed by gangs along the East-West Highway.

**Health:** Yellow fever vaccination is encouraged or required of one had visited a country where yellow fever is present. Cholera is a serious risk and pre-cautions are essentials. Immunization against typhoid is often recommended. Malaria exists year round particularly in the Southern region. Hepatitis A occurs and hepatitis B is endemic. Dengue fever is increasing. There is a high prevalence of the HIV/AIDS virus.

Medical care is limited: there is only one emergency room, which is in Paramaribo and there are few hospitals in outlying areas.

**Special Circumstances:** Credit cards are not widely accepted outside the major hotels and upscale restaurants. Currently, only one bank, the Royal Bank of Trinidad and Tobago (RBTT), has Automatic Teller Machines (ATMs) that accept foreign ATM cards. US citizens residing in Suriname are encouraged to open a Surinamese bank account as soon possible. You can legally exchange currency at banks, hotels, and official exchange houses, which are called “cambios.” Exchanging money outside of these locations is illegal and can be dangerous. Telephone and internet service within Suriname can be problematic, especially during periods of heavy rains.

**Fumigation of Wood Packing Materials:** As of this posting Suriname does not impose ISPM15 regulations for wood packaging material (WPM).
